CLOVERPORT, KENTUCKY, WEDNESDAY, MAY 23, 1906.

12 Pages

NO. 45

COMMENCEMENT EXERCISES.

The commencement exercises of the Cloverport High School in the Methodist church Friday evening were beautiful. The seven girl graduates and their flower girls were the prettiest part of the program. The graduates marched in single column from the vestibule to the rostrum, linked together by a beautiful chain of red roses thrown over their shoulders. The chain was made by Martha Weston Willis followed by Margaret Wickliffe Morris, Jane Ray Lewis Hayes, Mable Harris, Katherine Clyde Moorman, Jane Simona Smith and Maud DeBrule Folk. Miss Francis Smith played the march.

The invocation was by the Rev. Currie, followed by a piano solo by Miss Francis Smith.

Prof. J. P. King introduced Dr. A. S. McKenzie of the Kentucky State college who made an address, subject "White Magic." "White Magic" was found to be the influence which one individual unknowingly exerts over another. Dr. McKenzie said that the more education a person had the more "White Magic" he possessed. There is a great deal of humor in Dr. McKenzie and his talk provoked much merriment as well as thought. He received much applause.

"Going to Market" as Mrs. L. T. Reid sang it captivated the audience. The crowd showered Mrs. Reid with applause after applause.

Prof. J. P. King presented the diplomas to the graduates, followed by a piano selection by Miss Rebecca J. Willis. Prof. King rose to thank the audience and say a word to the graduates. At the mention of the graduates the house went into a storm of cheers.

The graduates then received their

flowers. Rev. J. T. Lewis delivered the benediction.

BIG DAY AT IRVINGTON.

Irvington, Ky., May 22.—One of the largest days that Irvington has seen for many years was that on last Tuesday at the wool delivery. Over 13,000 lbs. of wool was brought here and about \$44,000 distributed among the people that day. That day is long to be remembered as one of Irvington's busiest scenes.

SPECIAL MEETING HOME-COMING COMMITTEES.

Hardsburg, Ky., May 21.—The Committees on the different matter in connection with Home Coming Day for Breckenridge County are hereby called to meet in the Courthouse in Hardsburg Monday May 28 1906 promptly at 1 o'clock for the purpose of fixing a day for the said celebration and the discussion of any other matter pertaining to arrangements of all kinds. This is County Court day and positively the discussion can take but 60 minutes. Discuss thoroughly all the details of the matter prior to the meeting.

Committees on Finance and Entertainment are specially urged to attend.

M. H. Bourd, C. B. Skinner, H. DeH. Moorman, Supervision Committee.

John O'Connell was in Louisville Monday.

Edwin Wroe went to Hardsburg Friday to assist in holding the county teacher's examination.

PROGRAMME.

BRECKENRIDGE COUNTY SUM- DAY SCHOOL CONVENTION AT GARFIELD JUNE 1 AND 2.

Program Friday, June 1. Evening Session. 8:00 Devotional Services. 8:15 Stereopticon Lecture—By E. A. Fox.

Saturday, June 2. Forenoon Session. 9:30 Devotional Exercises—Rev. D. F. Shackette. 9:45 Welcome Address—J. B. Richardson.

Response—Rev. J. Cline. 10:00 The Meaning and Purpose of this Convention—By County President.

10:10 The Real Work of a Real Sunday School—Jess Whitworth.

2:35 Report of County Superintendent.

House to House Visitation.

Discussion held by E. A. Fox.

4:00 Report of Committees and unfinished Business.

Adjournment.

J. B. Herndon, Pres.

Norris Kurtz, Sec.

No Ice of Local Option Contests.

The undisigned citizens and legal voters in voting precinct 1 of Cloverport Magisterial District 2 of Breckenridge County, Kentucky, here by give notice to all whom it may concern, that they have filed in the office of the clerk of the Breckenridge County Court, a statement and their written grounds of contest of the Local Option Election held in said precinct, Saturday, May 20, 1906.

Given under our hands, this the 17th day of May, 1906.

W. B. Bowles.

H. L. Morton.

H. H. Rafferty.

J. O. Stephens.

John F. Morton.

J. A. Ross.

L. McGavock.

Marrel Green.

J. H. Birtle.

E. M. Bartles.

By J. S. Wortham, V. G. Babbage and Jno. P. Haswell Jr., their attorneys.

Mr. F. L. Lightfoot and two daughters went to Hawesville last week to visit relatives.

DELIGHTFUL ENTERTAINMENT.

WILL CONTEST ELECTION.

Hardinsburg, Ky., May 22.—The temperance people of Cloverport have instituted a contest of the Local option election in precincts 1 and 2, recently held there. It was filed Thursday, J. S. Wortham of Leitchfield, V. G. Babage and John P. Haswell Jr. are the attorneys for the contestants. No answer has yet been filed. The law provides that the county Judge and the two magistrates residing nearest the court house shall constitute the Board of contest, and shall hear the proceeding on the fourth Monday after the filing of the contest, but for good cause, the Board may allow further time.

Louise Babbage, Anna Lee Babage. The gentleman guests were the following: Messrs. Byrne Severs, Lawrence Murray, David Murray, Jr., Allen Pierce, Hovious Rafferty, Harry Weatherholt and Jno. D. Babbage, Jr.

Watching the North Star. Breckenridge News—Tell the farmers they may watch the star this week, but watch the next issue of this paper and see what I will have to say above heading that might lead to a higher price for their present crop of lambs.

Dr. P. W. Foote.

A Clean Paper.

Andyville, Ky., May 17, 1906. Mr. John D. Babbage, Cloverport, Ky. Dear Sir—Enclosed find one dollar for the Breckenridge News. Please send receipt for same your paper is so nice and clean I can't do with out it. I have to read about the people of Breckenridge County.

Success to the News.

Yours Respectfully,

F. Singleton.

Slaves to Spring Catarrh Restored to Health By Pe-ru-na.

Honest People Tell Their Experiences.

Spring, the Time to Cure Catarrh.

Mr. J. Q. Craig, a well-known attorney, whose home address is Bridgeton, N. J., writes from the Hotel Donavin, Dayton, Ohio, as follows:

"I can say of Peruna that, as a tonic for the spring of the year, it is the best for athletes, and as such I can give it a hearty recommendation."

Peruna does not fail to prevent the lassitude and languor incident to the approach of warm weather, if taken in time.

Mr. Wienand Houseman, a prominent and aged citizen of Seneca Falls, N. Y., is the inventor of a number of implements of modern warfare. He writes:

"For several years past, I and my family used your Peruna as a tonic and for the purification of the system in general and find that it is an excellent medicine to restore weak nerves to a healthy condition."

Mrs. John E. Mills

Mrs. A. S. Rucker

A Typical Case.

Geo. M. Fillmore, formerly 1st Lieut. 3rd U. S. Artillery, writes from 909 L St., N. W., Washington, D. C., as follows:

"I brought forward from winter into spring a sickening case of catarrh which was making existence miserable for me until I was induced to try a bottle of Peruna.

"An immediate improvement gave me hope, if not relief. I kept up taking Peruna and it has so strengthened and relieved that I am now confident of a cure. I heartily endorse Peruna for catarrhal affections and as a tonic for their weak nerves."

"I brought forward from winter into spring a sickening case of catarrh which was making existence miserable for me until I was induced to try a bottle of Peruna.

"I brought forward from winter into spring a sickening case of catarrh which was making existence miserable for me until I was induced to try a bottle of Peruna.

"I brought forward from winter into spring a sickening case of catarrh which was making existence miserable for me until I was induced to try a bottle of Peruna.

"I brought forward from winter into spring a sickening case of catarrh which was making existence miserable for me until I was induced to try a bottle of Peruna.

"I brought forward from winter into spring a sickening case of catarrh which was making existence miserable for me until I was induced to try a bottle of Peruna.

"I brought forward from winter into spring a sickening case of catarrh which was making existence miserable for me until I was induced to try a bottle of Peruna.

KENTUCKY

The Breckinridge News

WEDNESDAY, MAY 25, 1906.

JOHNSON POPULAR IN LARUE.

Hon. Ben Johnson of Bardstown, who is the only candidate for the Democratic Congressional nomination, was here yesterday mixing with the people in attendance at court. Mr. Johnson is by no means a stranger in our city, as a neighborly feeling between Larue and Nelson has grown with it has continued. Mr. Johnson's neighborly interest in our people. Mr. Johnson will not have opposition in his candidacy and will be given the nomination without a contest, which is assuredly a high compliment, but one which he wears easily and one which is well deserved. In the halls of Congress the people realize that he will care for the interests of the Fourth Congressional district with the same fidelity that he displays in attending to his own business affairs or that he has shown in the State Legislature.—LaRue Herald.

Villages That Cut Corks.

Thousands of men, women and children in the mountains of Spain and Portugal are employed in cutting cork. It is a domestic industry, it occupies the laborers, exports from its factories and export houses of Seville and Lisbon go through the mountain villages each year buying up the corks in enormous quantities. It is not unusual for an agent to purchase 5,000,000 on one journey. The corks are purchased in the native villages of the country and qualities. They are sorted in the cities and, after being packed, are shipped by the ton. Once here many of them are recut by hand at the rate of twenty a day. So fastidious are some bottlers that the cork importers have to keep in their employment several cork cutters and recut such corks as do not suit customers.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous to life. It is called "sudden death." Sudden deaths are caused by heart disease, pneumonia, heart attack, apoplexy, etc. These diseases are often the kidney disease. If kidney trouble is allowed to advance the disease will be fatal. The kidney will attack the vital organs of the body and break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickly by a proper treatment of the kidney. If you have kidney trouble make no mistake by taking Dr. Klimer's Swamp-Root, the great kidney, liver and bladder remedy.

It is necessary to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The use of the extract of Dr. Klimer's Swamp-Root is soon realized. It stands the highest for its wonderful cure of the most distressing cases.

Swamp-Root is pleasant to take and sold by all the leading druggists and similar bottlers. You may have a sample bottle of this wonderful new discovery sent to you by mail. Address Dr. Klimer's Swamp-Root, the great kidney, liver and bladder remedy.

Cows' milk is said to be abhorred by the Japanese, and rabbits are never eaten by the Abyssinians, who explain that rabbits are too much like big rats. The natives of the Sandwich Islands would not take caravans for gift. Caviar is a practical joke. The Chinese tell all about it, both sent free by mail. Address Dr. Klimer's Swamp-Root, the great kidney, liver and bladder remedy.

Don't take my word but remember the name Swamp-Root. Dr. Klimer's Swamp-Root, and the address, Binghamton, N. Y. is on every bottle.

TALK DON'T HURT YOU.

Did you ever notice that "talk" doesn't hurt a man much? Perfection isn't looked for in man, and when some one tries to injure a man by ranting about a few faults he has, the absent one who is probably attending to his own affairs, is elevated in the hearer's estimation, while the information is lowered accordingly. If a man knocks along, doing fairly well, people realize that while he has some faults, he has more virtues, and they are charitable enough to overlook these faults. But it is different with a girl or woman. No matter how good and pure a woman may be, let someone start an infatuation, lie about her, and even begin to paint her along, and there is always someone to believe it. That he can never be lied down. It may burn low but gossip-loving are ready with new fuel. Did you ever think how damnable mean some good people are in this respect?—Meade Messenger.

ASTORIA.
The Kind You Have Bought
Signature of *Castell*

PRESIDENT ROOSEVELT LYING; FROM WRITINGS & SPEECHES.

The liar is no wiser better than the thief.

It puts a premium on knavery untruthfully to attack an honest man or even with hysterical exaggeration to assail a bad man with neutrality.

The long run the most unpleasant truth is a safer companion than a pleasant falsehood.

You can pardon most anything in a man who will tell the truth, because you know where that man is: you know what he means.

If anyone lies, if he has the habit of untruthfulness, you cannot deal with him, because there is nothing to depend on.

Hard Seats.

It is not well for sedentary workers to sit on cushions. In man, owing chiefly to his erect carriage, there is a strong development of the muscles of the pelvis and the thighs, which almost completely clothe the slender bones of the legs. In the seated position, to obviate undue pressure, nature has provided a proper cushion over these bones. Hyatt's saying is well known. "We sit on the flat seat as on a mattress."

In sitting on a smooth and hard seat the body rests upon three main points, but in sitting on a soft cushion pressure is imparted to the muscles and interferes with the circulation in all their parts.

Great attention has been paid to this matter in the construction of bicycle seats, and many other seats of great benefit results. Nothing can be said against a certain amount of covering, if not too yielding, but the office stool, properly shaped, is an excellent seat.—Pearson's Weekly.

Food Aversions.

Cows' milk is said to be abhorred by the Japanese, and rabbits are never eaten by the Abyssinians, who explain that rabbits are too much like big rats.

The natives of the Sandwich Islands would not take caravans for gift. Caviar is a practical joke. The Chinese tell all about it, both sent free by mail. Address Dr. Klimer's Swamp-Root, the great kidney, liver and bladder remedy.

There are persons at the present day—and not all old women either—who believe that killing a robin brings bad luck. According to ancient belief the siamese was a bird bird. The Arabinians represented his wings as two ounce slice of limburger would stampede a tribe of mountain Indians. They resemble a practical joke. But why the Koreans eschew ice cream? A rather report is the case, but the Japanese prejudice against it is probably based on the Chinese predilection for heated dibbles.

The Paradise of Umbrellas.

Surakarta is the paradise of umbrellas. The umbrella is the pride of the heart of every official and every nobleman, but invariably are shut at the approach of a person of higher rank, and inside the knaton no umbrella may be carried open except that of the emperor himself. The umbrella is the crown, the emerald official, the sign of rank and distinction. There are umbrellas of gold inside and out for the emperor, with a stripe of yellow satin for the emperor's brothers, with a wider stripe of the same material for the empress, and then come countless other projects. In 1811 New York had 157 chartered roads, with a total length of 4,500 miles, and the sum required to build them amounted to \$7,500,000. An era of canal digging and then of railroad building followed this period, but the umbrella still remained the crown and great difficulty in advancing their schemes. They were considered insane when they insisted that the mountains and plains could be conquered by these means of transportation.

Calvary Clovers.

Calvary clover, a flower strangely symbolic of the principles of Christianity, flourishes in Palestine. Calvary clover leaves, like those of other clovers, are trifoliate, embodying the doctrine of the Trinity, and are covered with a golden dust which is the emblem of Christianity. Soon after the plant begins to appear above the ground a deep spot of red like blood appears upon each division of the leaf, but this disappears after a few weeks.

During the day the tiny leaves form themselves into a small ball of green, and as the sun sinks to rest the leaves again fold together, it has been suggested, as in prayer. In due time the blossom becomes a small yellow flower and then a spiral pod covered with thorns. In ripening the flowers interest many persons think they can detect the outline of a cross. Tradition says that it is good fortune to plant the seed of the Calvary clover on Good Friday.

Old Australian Animals.

Australia produces those lowest of the quadrupeds, the duck-billed water mole and the echidna, or Australian porcupine ant eater. They, along with the kangaroos, may be described as the "lower mammals." The koala, famous for, in respect of their structure they are of a much lower grade than, say, a dog or a cat. This inferiority is seen not only in the brain, but in many other details of their bodily anatomy.

In zoological circles the preoccupation is that this mode is a link between birds on the one hand and mammals on the other. These "lowest" quadrupeds lay eggs like birds, the young being subsequently hatched from the eggs, whereas in the kangaroos and all higher mammals the young are born alive and nourished by means of milk.

Spencer's Love Affair.

Herbert Spencer never married. When he was twenty years old he had a love affair, which is told in detail about it in his autobiography. The young lady's affections had already been placed elsewhere, and she was only playing with the budding philosopher. One day her "young man" called, and they sat out for a walk. Spencer says: "She was holding his arm, looked over her shoulder, smiling and rather mischievously to see what effect was produced on me, there being an evident suspicion that I should not be pleased. The revelation was not agreeable to me, but still it did not give me a shock of a serious kind."

Killing a Robin.

There are persons at the present day—and not all old women either—who believe that killing a robin brings bad luck. According to ancient belief the siamese was a bird bird. The Arabinians represented his wings as two ounce slice of limburger would stampede a tribe of mountain Indians. They resemble a practical joke. But why the Koreans eschew ice cream? A rather report is the case, but the Japanese

prejudice against it is probably based on the Chinese predilection for heated dibbles.

The Turnpike Era.

Between the years 1790 and 1840 innumerable plans were made for the creation of turnpikes in the United States. There had been one great success, the Louisville and Lexington Turnpike, and then came countless other projects. In 1811 New York had 157 chartered roads, with a total length of 4,500 miles, and the sum required to build them amounted to \$7,500,000. An era of canal digging and then of railroad building followed this period, but the umbrella still remained the crown and great difficulty in advancing their schemes. They were considered insane when they insisted that the mountains and plains could be conquered by these means of transportation.

Nature's Beauties.

Character is fed largely through the eye and ear. The thousand voices in nature, of bird and insect and brook, the songing of the wind through the trees, the scent of flower and meadow, the myriad stars in earth and sky, in ocean and atmosphere, are important and are just as important for the development of a real man as the education he receives in the schools. If you take no beauty into your life through the eye or the ear your nature will be hard, Juicless, unattractive—Success.

Calvary Clovers.

Calvary clover, a flower strangely symbolic of the principles of Christianity, flourishes in Palestine. Calvary clover leaves, like those of other clovers, are trifoliate, embodying the doctrine of the Trinity, and are covered with a golden dust which is the emblem of Christianity. Soon after the plant begins to appear above the ground a deep spot of red like blood appears upon each division of the leaf, but this disappears after a few weeks.

Old Australian Animals.

Australia produces those lowest of the quadrupeds, the duck-billed water mole and the echidna, or Australian porcupine ant eater. They, along with the kangaroos, may be described as the "lower mammals." The koala, famous for, in respect of their structure they are of a much lower grade than, say, a dog or a cat. This inferiority is seen not only in the brain, but in many other details of their bodily anatomy.

In zoological circles the preoccupation is that this mode is a link between birds on the one hand and mammals on the other. These "lowest" quadrupeds lay eggs like birds, the young being subsequently hatched from the eggs, whereas in the kangaroos and all higher mammals the young are born alive and nourished by means of milk.

One Exception.

"Papa, is the hand that rocks the cradle the strongest?" "That is the rule of the world?" "That's what I've heard."

"Well, I know one that don't."

"Who is it?"

"Nurse. She wanted to go downtown, and mamma told her she'd fire her if she went and wouldn't give her no recommendation." — Indianapolis Sentinel.

A Chronic Habit.

"No," said the man who had recently made his fourth pilgrimage to the matrimony altar. "I can't say that marriage is a failure."

"Of course not," rejoined his bachelor friend. "With 'yon it is merely a habit"—Philadelphia Inquirer.

Fraudulent Sweetbreads.

"A true sweetbread is perhaps the most healthy meat that can be eaten," said a doctor, "but you are never able to get it." The reason, he propounded, is that there is which is one of the most effective agents in promoting digestion, but the sweetbread of trade is usually obtained from the throats of cattle and is what is called the thyroid gland. This gland rests against the windpipe, and while its texture is similar to that of the tongue, it is much more delicate, and it has some beneficial qualities. But some butchers, in order to make money, pass off the salivary gland, that which furnishes the saliva, located in the cheeks, for a sweetbread. This is the most inferior substitute of all. The pancreas, or red sweetbread, is a most dairy meat. It is of trifling value, while the sweetbreads obtained from the throat are of an oval form. But what is the use of making people ill?"

"They have been eating thyroid, and salivary glands for sweetbreads for years," said the doctor. "It is natural. But when they have been eating the real thing."

THE

Fifth Avenue

HOTEL

Louisville, Ky.

PIKE CAMPBELL, Mgr.

The most centrally located and only first-class hotel in the city making a \$2,000 rate.

Only one block from the principal shopping district and two blocks from the principal theatres.

Street cars pass the door to all parts of the city.

Everything neat and clean.

FRISCO SYSTEM

If you could sell your farm today for \$100 an acre and buy it back tomorrow for \$100 an acre.

You would do it.

If you can buy the \$100 land for \$10 somewhere else, the proposition is just as good. You can buy it in the Southwest.

Why shouldn't you?

If you wish to know more about it, write for copies of our Texas and Oklahoma books. They are free.

A. HILTON. General Passenger Agent, 951 Frisco Bldg., St. Louis, Mo.

SUMMER THIS SUMMER

IN COLORADO

Many people put aside all thought of an outing in Colorado because they are accustomed to consider this greatest of American playgrounds as one of those impossible things beyond their means. Time was when a visit to the "top of the Continent" was a great luxury, as high in price as in altitude, but not so today.

You can spend the Summer or a part of the Summer in Colorado and live air reasonably as you do at home, and the quick service and low tourist and excursion rates afforded via Rock Island lines bring you within your easy reach. Our booklets and

leave the whole story.

TWELVE PAGES.

WEDNESDAY MAY 23, 1906.

ANNOUNCEMENT.

For Congress.

We are authorized to announce the HON.
B. C. Moorman, a young man
candidate for Congress in the Fourth
Congressional District, subject to the action of
the Democratic party.

Was Columbus a gratter?

New York spends \$55,000,000 a year
on her public schools.

A big acreage of tobacco hills is
ready for the first season.

Wheat, oats and grass all over the
country are suffering from want of
rain.

The Hon. D. C. Moorman is Building
a handsome addition to his resi-
dence near Glendale.

The fellow with a little garden
patch knows how to sympathize with
the farmer in time of drought.

Rev. Roe has commenced a revival
meeting at Irvington and from reports
we gather is preaching some mighty
good sermons and having crowded
houses at every service.

Col. Bert Cunningham, of Chenango,
reports his apple crop which is ~~poorly~~
always ~~poorly~~ ~~as~~ ~~being~~ ~~an~~ ~~extra~~ ~~fine~~
crop this season. Col. Bert is one of
the best fruit men in our county. He
knows his business and attends to it.
And that brings success in every
calling.

Capt William Weatherholt, Rev. C.
F. Luscher, Dan Schank, W. S. Avery,
Winfield Scott, John M. Walker, W. S.
Davis, delegates from Perry County,
Ind., to the Prohibition State Convention,
at Indianapolis this week were en-
route there Monday. They said it was
going to be one of the cleanest conven-
tions ever held in the State.

Judge Moorman has no easy job in
running the road business of this
county. If one would take a turn in
his office and see the many compla-
ints and demands of the overseers
and others connected with the work
they would see that he has no easy po-
sition to fill. We had a great big knock
coming but when we heard the cry
of the multitude we felt so sorry
for the young man that we withdrew

For the Children

To succeed these days you
must have plenty of grit, cour-
age, strength. How is it with
the children? Are they thin,
pale, delicate? Do not forget
Ayer's Sarsaparilla. You
know it makes the blood pure
and rich, and builds up the
general health in every way.

The children cannot possibly have good health
unless the bowels are in proper condition. Con-
sult our physician. Ayer's Sarsaparilla
is the only safe remedy.

Madam & C. Ayer Co., Lowell, Mass.
Aye's Sarsaparilla
Aye's Sarsaparilla
Aye's Sarsaparilla
Aye's Sarsaparilla

We have no secrets! We publish
the formulas of all our medicines.

Grove's Tasteless Chill Tonic

has stood the test 25 years. Average Annual Sales over One and a Half Million
bottles. Does this record of merit appeal to you? No Cure, No Pay. 50c.

Enclosed with every bottle is a Ten Cent package of Grove's Black Root Liver Pills.

and said nothing. To satisfy 300 road
messengers and — five to twelve hands to
each overseer, is a job we don't want.

Hon. Bert Johnson, of Nelson county,
is the right man to represent the
Fourth Congressional district in Con-
gress, not merely because he is a good
lawyer and has a clear record for
many years of public life, but because
he is a true and honest challenger of
the rights of his people. He is to the
front on every question of vital
importance. He has never, since he has
been a candidate for the nomination
which he seeks, dodged any phase of
any question which has been asked
him by representatives of the press and
by the people themselves. While he is
solid on whatever he thinks is right,
Mr. Johnson respects the rights of his
fellow man and does not deal in loud
parlance about the stand he takes and
proclaims there is no other way other
than his. In Johnson's conservatism
lies one of his greatest values as a public
man. It has been proven time and
again in public life that the man who
thinks on both sides of the line is the
man who casts his ballot for the best
interests of the people at large.

The Courier-Journal is conducting a
Tour-to-Europe contest. It proposes
to send 21 young ladies on a two
months' tour of Europe, this summer.
It has laid off the state into several
districts, and the young lady in that
district, who receives the highest
number of votes, will receive the covet-
ed trip. Miss Fannie Smith of Hard-
ingburg is the leading candidate in
District 10, having about 50,000 more
votes than her nearest competitor, and
she has an excellent chance to win. She
is a cultured, well-read young lady,
and she is capable of enjoying the trip
thoroughly. The people of Breckenridge
county should see to it that she wins
the race in her district. There is a
voting cupon in every issue and a
subscriber to the Courier-Journal is en-
titled to a certain number of votes in
proportion to the length of time his
subscription runs.

The News hopes you will vote for her
and help her win this contest.

Notice of Local Contest.

The undersigned citizens and legal
voters, present 5 or more, of the Cloverport
Magisterial District, or District 3 of
Owensboro City County, Kentucky, hereby
give notice to all whom it may concern,
that they have filed in the office
of the clerk of the Breckenridge
County Court, a statement and their
written grounds of contest of the Local
Optio Election held in said precinct
on Saturday, May 5th, 1906.

Given under our hands, this the 17th
day of May, 1906.

neys.

Special Sermon.

It is largely through the kindness
and co-operation of my churches, that
I was permitted to have a delightful
trip to Chattanooga and attend our
Southern Baptist Convention.
I therefore would like to have the
privilege of meeting as large a number
of our members, of course all are in-
vited, on the fourth Sunday at eleven
o'clock to try to bring them in touch
with our great Chattanooga meeting
and vital principle in our denomina-
tional life.

Respectfully,
J. T. Lewis.

Miss Lydia Goering returned to
Hawesville Monday after a visit to
Miss Mayme DeHaven.

MUST COMPLY WITH THE LAW.

State Board of Health of Kentucky,

EXECUTIVE OFFICE,

BOWLING GREEN, KY.

May 10, 1906.

Dr. F. M. Smith,
Cloverport, Ky.

Dear Doctor:

Under separate cover I am sending
you thirty small-pox circulars. I would
suggest that you put them in the hands of
your best citizens and explain to them that
it will be necessary for this Board to take
action in the matter unless they comply
with the law and have their families vac-
cinated at once. We would regret very
much to do this, as it would put your good
little town to a good deal of expense, but of
course you know we will not hesitate about it
if it becomes necessary for us to take
action.

With assurance of personal regards,

Sincerely,
J. N. McCormack,
Secretary.

TO TAKE COUNTY VOTE.

Workers of the Anti-Saloon League
announced when in Owensboro, last
Sunday, that the league propose to
hold local option elections during the
present year, under the provisions of
the county unit law passed by the leg-
islature at the last session in all of the
counties of the state not now "dry." In
all counties in which there is not a
city of the fifth or a larger class, the
vote will be taken as a whole. In
other counties it will be necessary to hold
elections with magisterial districts
as the unit.

The details of elections will have to
be worked out in each county, and it
is likely that they will not be held
simultaneously although an effort will
be made to have elections in all
counties near the same time as possi-
ble.

As a preparatory campaign, an effort
will be made to "give" the Kentucky
issue, the official organ of the
league in Kentucky, a large a circu-
lation as possible. Agents are being
appointed in all of the counties in the
state, and those who obtain as many as
300 paid yearly subscriptions will be
given a free trip to Lake Chautauqua
N. Y., with all expenses paid. They

are a special train, and will be chaperoned
by Prof. H. K. Taylor, principal
of the Louisville Training school,
of Louisville, and his wife.

Two agents have been appointed for
Daviess county. Miss Anna Lee Wortham,
whose home is a few miles
west of Owensboro, and Miss Almyra
Webb, of Masonville. Miss Wortham's
term of tenure will be the western
portion of the county and Miss Webb's
the eastern. Alice Street in
Owensboro, being the dividing line.
Each of the young women will
have one assistant. Both of the young
women have many friends and will
doubtless be successful in securing the
requisite number of subscribers.

Owensboro Messenger.

Mr. Joel H. Pile was the guest of
relatives at Webster several days
of last week.

The M. E. church Sunday School
will observe Children's Day, the 2nd
Sunday in June.

Dr. E. F. Day was the guest of his
parents, at the Fails of Rough Sunday.

67 prospective school teachers took
the examination held at the school
house here Friday and Saturday.

Mr. and Mrs. Paul Compton and
children were the guests of the Rev.
and Mrs. Minor P. Compton, at Gar-
field Sunday.

Mr. and Mrs. John Heston of Basin
Springs were guests of his parents, Mr.
and Mrs. Charles M. Heston, Sunday.

Miss Margaret Moorman went to
Zion, Ky., Monday to spend a few
weeks with relatives.

JOINS THE LONG LIST.

Peyton D. Scott, who recently
moved here from Harmont and who
with his family occupies the property
on the hill vacated by the Board
family, came into the News office last
Wednesday and joined our long list of
subscribers. Mr. Scott married a
daughter of Mr. W. N. Bell and Clo-
verport welcomes him within her
borders.

Mr. and Mrs. John Heston of Basin
Springs were guests of his parents, Mr.
and Mrs. Charles M. Heston, Sunday.

MAGAZINE SECTION.

CLOVERPORT, KENTUCKY, WEDNESDAY, MAY 23, 1906.

PART TWO.

CHAMPIONED PAUL JONES.

MRS. DONALD MCLEAN FOUGHT FOR BURIAL OF NAVAL HERO AT ANNAPOLIS.

As President-General of Patriotic Daughters of the American Revolution she was invited Guest of Honor at Ceremony.

The first convention of the Daughters of the American Revolution was in session in Washington a few weeks ago and the meetings were presided over by Mrs. Donald McLean. She enjoyed the unique honor of presiding over the first meeting of the Daughters of the American Revolution, the first president of the congress who was not the wife of some man prominent in official circles. She had been a candidate for this high honor, but for some reason, the opposition to her election was plainly stated because she could not bring to the office the "national" prestige, which the Daughters of the American Revolution felt was necessary to the varied traditions of the society.

FROM LONG LINE OF PATRIOTS.

Mrs. McLean has half a yard or so of ancestral bars on her revolutionary ribbon, and halls back to very distinguished men, both men and women. She was born in Prospect Hall, Frederick, Md., the city made famous by Whitter's poem, "Barbara Fritchie." The ancestral hall is a big, beautiful

come a finished expert, a thrust and parry, a dynamic factor.

At the Fourteenth Continental Congress of the Daughters of the American Revolution, when Mrs. McLean was Regent of the New York State, she introduced a resolution looking to the burial of Paul Jones in Annapolis, Md., that being her native State. Besides having a naval state, Paul Jones had been the nation should be buried near to the great naval school.

There was tremendous opposition to the proposal, and the congress voted to "lay the resolution on the table," an expression used in parliamentary proceedings to defer action on the subject. After it was taken up, but the congress again taking the resolution, it was so severe that it will mean practically an entire loss. This group of buildings was planned and built on a prearranged plan, and the cost of the entire group of structures for educational purposes on this continent, if not in the entire world. The buildings were all built in the Gothic style, with the arch as its principal architectural feature. This fact, which was so much a source of beauty, has probably been the largest source of trouble, because the Gothic arch undisputed is one of the most secure of building forms, when thrown out of plumb it must fall.

STANFORD UNIVERSITY.

ALMOST COMPLETE DESTRUCTION OF THE PICTURESQUE CALIFORNIA COLLEGE.

Built in Spanish Architecture and Cost of Buildings Alone was Thirty Million Dollars—Will Probably be Rebuilt.

One of the most serious results of the Pacific coast earthquake disaster is the destruction of Stanford University, near Palo Alto. More than \$30,000,000 has been expended on the buildings, and the damage has been so severe that it will mean practically an entire loss. This group of buildings was planned and built on a prearranged plan, and the cost of the entire group of structures for educational purposes on this continent, if not in the entire world. The buildings were all built in the Gothic style, with the arch as its principal architectural feature. This fact, which was so much a source of beauty, has probably been the largest source of trouble, because the Gothic arch undisputed is one of the most secure of building forms, when thrown out of plumb it must fall.

IRREPARABLE ART LOSS.

The main buildings are built around an inner quadrangle, which contains a series of administrative and some class rooms. These buildings are all one story in height. The outer quadrangle, which comprises the principal architectural feature of the university, is an equal point of interest, the memorial arch, with its wonderful frieze, by St. Gaudens, representing the progress of civilization in America, and directly opposite the quadrangle, the Stanford Memorial Church, with its mosaic front depicting the "Sermon on the Mount." The building cost, including the grounds alone, \$1,000,000, exclusive of the mosaics and carvings inside and out, and its marble statues and art treasures from Europe.

It may be said that the loss of the buildings and equipment, in spite of their great value, is the least part of the disaster, because since the university was started in 1891, after Stanford's Pacific Ranch it has been a marvelous incentive toward higher education on the Pacific coast. Not only has it gone ahead with great strides in its own interest, but it has carried the State University at Berkeley along with it in healthy rivalry, for until the two gave an equipment for higher education, it was believed that was not rivaled by that of any other State.

MRS. STANFORD'S GENEROSITY.

If it were not for the indomitable spirit which seems to have enabled the university to triumph over many difficulties it might be said that its career had been a picture of ill-success. For in spite of its great endowment, said to exceed that of any other institution of learning in the country, it has been unfortunate from the beginning. Very early in its history it was the cause of Senator Stanford's death, in 1894, and the claims put forward by those who had received personal bequests, to the effect that the university was a financial burden to the state, were so great that the finances of the university because it was impossible to realize upon its property. After that the Pacific railroad suddenly and unaccountably stopped for a couple of years until the Supreme Court decided in favor of the Stanford estate. But Mrs. Stanford, with wonderful courage and singleness of purpose, refused to give up her property over to the university, saw it through its crisis until her recent tragic death in Honolulu, when the Stanford University was again turned over in despair. Its present destruction by the earthquake seems to come as a culminating disaster, yet it is probable that it will rise again to the conditions which seem in league against it, though it has practically been set back to an absolute standstill.

It is now understood that plans have been considered for the rebuilding of the university, as the statement has been made by President David Starr Jordan, that a study of the university, asking them to remain and

that be right live again.

To her husband, Senator Stanford, she said: "It was his wish and desire that an equal advantage in educational opportunities be given to the people in the state, and that his wife should have an equal share."

From that day the Senator and Mrs. Stanford devoted their entire energies toward the founding of the Leland Stanford Junior University.

FIRE VERSUS DYNAMITE.

TONS OF THE EXPLOSIVE USED AT SAN FRANCISCO TO FIGHT FLAMES.

Three Men at Risk of Their Lives Place Compound in Teeth of Burning Fort to Prevent Disaster.

Through the destructive agency of

distance, the section of San Francisco still standing was saved at a cost of more than a million dollars. This powerful compound, apparently unprepared, but three men of the U. S. Navy, sent by Admiral McCauley from Mare Island with orders to check the conflagration.

There the flames were writhing up the walls before the dynamiters could reach it; yet they made their way to the fortifications carrying their explosive despite the intense heat.

The charge had to be placed so swiftly and the fuse lit in such a hurry that the explosion was a quite ineffectual result.

But though the walls still stood, it was only an empty victory for the fire, as bare brick and smoking ruins are poor fuel for fire.

EFFICIENT WORK OF WEEK.

Capt. MacBride's dynamiting squad realized that a stand was hopeless, except Van Ness avenue.

They could have forced the flames to the burning gunpowder, but not a pound of the terrible gunpowder could be or was wasted.

The ruined block that met the charge was the most dangerous structure that the contagion could visit, as the

charge had to be placed so swiftly and the fuse lit in such a hurry that the explosion was a quite ineffectual result.

But though the walls still stood, it was only an empty victory for the fire, as bare brick and smoking ruins are poor fuel for fire.

EFFICIENT WORK OF WEEK.

Capt. MacBride's dynamiting squad realized that a stand was hopeless, except Van Ness avenue.

They could have forced the flames to the burning gunpowder, but not a pound of the terrible gunpowder could be or was wasted.

The ruined block that met the charge was the most dangerous structure that the contagion could visit, as the

charge had to be placed so swiftly and the fuse lit in such a hurry that the explosion was a quite ineffectual result.

But though the walls still stood, it was only an empty victory for the fire, as bare brick and smoking ruins are poor fuel for fire.

EFFICIENT WORK OF WEEK.

FIRST RIVER SHOW
OF THE SEASON.

Once more the show boat season has come. The multi-toned calliope and the brass band will make the barefooted boy lay down the hoe and run to the river to get the first glance of the first boat. His will command him to come back to his hoe but to no avail. "The show boat is coming and I've seen it first," and off the boy is gone to the river. The boat is run up on the river's bank and the barefooted boy waits patiently in the baking sun for its arrival. The calliope begins to play "There'll be a Hot Time in the Old Town To-night" and the little fellow's feet are no longer under his control. He begins to dance and eat all kind of vapors and unconsciously makes a pretty good show out of himself. He dances about while the music goes on. The great steam piano changes its tune from the ragged rag time and strikes up on "Annie Laura" and then the boy gets solemn and begins thinking of how well he would like to have one of those "preserved seats up next to the band."

Mr. S. J. Allen represents French's New Sensation as advance agent this year. He travels in a launch 25 feet long and finely fitted up. Mr. Allen traveled with the show but represents as an actor for 28 years and is now on the road as a little diversion, saying that he had gotten to portly for an actor's role. French's is coming here on May 25, which is next Friday night, with 45 people, many new acts and the best band they have ever had on the river.

The general impression is out that the show boat industry is an unlimited money-mover. It has been stated that Mr. French died a millionaire and left a very large estate. Mr. Allen says that all of this is a mistake and that there is only a moderate living for the man who runs a river show. He said that there were too many boats on the waters for any one boat to make a great deal of money.

TO CURE A COLD IN ONE DAY

LONESOME MOMENTS OF THE AGENT

French's New Sensation
Friday May 25.

Father said that French's Show "was coming to us soon, and Mother said that we could go to see the funny coon For French's show is noted, To have the best afloat.

The swell, large and roomy seats In their grand theater boat. Its lighted by electricity.

And cooled with electric fans. Sweet and soothng music Are rendered by the band. Uncle Abe and Tiffie.

And little Cousin Sue. Will sit up in the gallery As we the whole show through.

Aunt Ella, with her children. Will buy seats close to the stage, Where she can see the handsome girls.

That put people in a rage. With all their costly wardrobe.

And fancy golden lair. Gilding lighting the stage.

With prettily smiling faces. Sister Toms are plentiful.

And the acts they do are new. No doubt that they will please you.

For with the show there's two. But anyhow we are going to see Our favorite New Sensation.

For it has always been the best.

On the Hudson of the west.

So get your folks together.

All your cousins and your aunts.

Enjoy yourself in a youthful way.

With the music, song, and dance.

Sid J. Allen, agt.

PETER BEST'S
CHAIN FACTORY.

A deal has been almost completed between Jas. H. Parrish and Peter Best, Jr., of Lewisport, which will mean the establishment of another factory in Seven Hills. Mr. Parrish has taken up with Mr. Best the chain factory proposition which hung fire before the Business Men's association, and it is understood that a verbal agreement has already been reached between the two men, although the papers have not yet been drawn up.

Thirty lots will be sold in Seven Hills, of which Mr. Best and his father will take three. An acre of ground will be given Mr. Best for the erection of his factory and \$1,000 will be furnished him with a line upon his machinery until he has paid out \$20,000 in wages to local employers. The factory will be erected on the I. C. railroad, just beyond the Volman Railroad Body company.

Mr. Best was in Owensboro last week and stated that he would begin the erection of his factory and a residence as soon as the deal with Mr. Parrish could be consummated.

He conducted a very successful chain factory until Lewisport until a few months ago.—Owensboro Messenger.

PETITION IN BANKRUPTCY.

W. E. Brown, one of the oldest and best known merchants of Irvington, has filed a voluntary petition in bankruptcy in the United States Court at Owensboro. This step is taken by Mr. Brown because of his inability to realize money on his assets to enable him to save his indebtedness, without a great sacrifice in the value of his property. His liabilities are approximately \$75,000, and his assets are over \$10,000. Under indictment management this step will enable his estate to be settled without the expense and sacrifice of law suits and will enable every creditor to get every dollar of his indebtedness, besides leaving him a comfortable sum of money and his home in Irvington.—Meade Messenger.

Why take a dozen things to cure that cough. Kennedy's Laxative Honey and Tar allays the congestion, stops that tickling, drives the cold out through your bowels. Sold by all drug-gists.

THERE MAY BE NO SALOONS
IN NEW FRISCO.

San Francisco, May 11.—That the authorities here have no intention of loosening the reins which have held the liquor dealers in check since the city suffered its great disaster was made plain to day by an emphatic declaration from Mayor Schmidt that all drinking places will be closed for an indefinite period. He attributed the remarkable absence of crime and the remarkable order which has prevailed since the destruction to the fact that the effect against the selling of liquor had been rapidly enforced.

The stand of the Mayor was emphasized when the Board of Police Commissioners met and unanimously endorsed a suggestion made by the Mayor that all saloon licenses be revoked.

The Commissioners were a unit that the future welfare of the city would be enhanced by fewer drinking places. A number of saloon proprietors have in course of construction temporary buildings. To these the Commissioners issued a warning advising them that the number of saloon licenses to be issued in the future would be greatly curtailed and that it was unwise for them to incur any expense in the way of temporary building operations.

In San Mateo, just over the county line the supervisors recently allowed the saloon man to open. The results are disastrous. Thousands of men and women flocked there and indulged in drunken orgies, and the nearest approach to riotous conditions that has existed since the great catastrophe followed. Chief of Police Dunan appealed to Sheriff Mansfield, of San Mateo County, to close all grog shops within his jurisdiction, and to-day the Sheriff said that he would do so even if it becomes necessary for him to go to the militia for aid.

Truth-telling is a virtue upon which we should not only insist in the schools and at home, but in business and in politics just as much.

FROM A SCHOOL TEACHER.

Patteville, Ky., Mr. John D. Mah-

bago, Editor of the Breckenridge News. Dear Sir.—I have come to speak a word or two, with people who claim to be Christians, and sinners, also. Now, we, who claim to know Christ; we are supposed to do good and lead others to Christ. But do we do it? Are we doing our duty as Christian people ought to, and expecting to go to Heaven when we die? I fear all of us don't do as God commands.

I fear "money" is the order of the day. And if we neglect the love of God, for money, what have we in the end? Nothing. For what is money, compared with God? What is it? I say, Will it take you to heaven? Can you take money with you when you die? On! God! awaked such people from their slumbers, for they know not what they do. It is all true, that we have to have money to buy this world's goods, but it should not be all means, keep us from worshipping the God, who created all things. I believe God gave and created us money to live on, or, to buy this world's goods with, but I don't believe he gave it to us to go crazy over and send our souls to torment for its sake. People who have not much money in this world, are not noticed by those who have. But thank God, His love is free to all. If we can't live in the city, and wear fine clothes, and have money to throw away and go along the streets, not noticing a living soul that we meet, we can go to our country churches and worship God, as every one should.

Instead of every body, (both rich and poor) going along and treating one another as human beings, they go along with their heads up, never speaking to a living soul. Does the Bible teach such, would love for some to show me a place in the Bible, where it is laid down. God says, "Love thy neighbor." Do we keep his commandment? I fear some of us get together and almost curse their neighbor, because their boys and girls are sweethearts. Does the Bible teach that? If we see our friends or neighbors do something, which we think is not right, we run around telling every one we see or meet about it instead of going to the one who did the wrong.

Now is that a Christian act? I have heard before now, of people having such a long tongue as to stand in the front yard gate, and kick the bread in the kitchen.

Do we, (anyone and everyone) ever think of "Death"? This world is going to be destroyed some day, are we prepared to meet God in peace. The Bible says, "Ye know not the day, nor the hour in which the son of man cometh. Not even the angles in heaven know." Why then do we idle our time away for the sake of pleasure and money.

We go on from day to day, as the we will live on earth forever. But our lives are only compared to a brittle thread. In a moment this thread may be broken, and are our souls going to a better or a worse place of abode.

If Christ shall come at the dawns of midnight, will he find us watching them?

"Train up a child in the way he should go, and when he is old, he will not depart from it." Do we train our children for future life or let them raise them selves? How many people try to keep the "Ten Commandments"? I don't suppose God, gave us those commandments to look at, or to feed to the fowls and stock. Do you?

I believe in parents being gentle with their children instead of harsh. Because some time, harshness causes disobedience.

How many of us church members, are Christians in fact. Just mostly being a church member, won't say about a son's soul. Let us do little favors of love. We are all brother's and sisters, if we are descendants of Adam and Eve. Let us love for God, and think about where we will go after leaving this world.

God says, "Be thou faithful unto death, and I will give thee a crown of life."

Some people drive their children up and send them out to Sunday school, and never try to teach them why we have it, or what they go for; and these innocent children grow up and think they go to "see, and be seen."

In Sunday school and church. Other people send their children to the everyday schools to whip the teacher. They say, "you just go on over there and if you can't whip that teacher, I can and if you don't whip him, I'll whip you.

Then of course these children don't know that they are going to school to obtain an education they think they are going to whip the teacher and we wouldn't why we don't have better citizens.

Hoping, trusting, and praying, that we will all meet in the "Sweet Bye and Bye," I am yours truly,

M. E. F.

A Hancock county Teacher

CORDIAL INVITATION

ADDRESSED TO WORKING GIRLS

Miss Barrows Tells How Mrs. Pinkham's Advice Helps Working Girls.

Girls who work are particularly susceptible to fatigue and disease, especially those who are obliged to stand on their feet from morning until night in stores or factories.

Miss Abby F. Barrows, a young woman, out the girl talks, and she is often the bread-winner of the family. Whether she is sick well, whether she runs a shirt, she performs the duties expected of her and be agreeable.

Among this class the symptoms of disease are manifested by weak and aching backs, pain in the lower limbs and lower part of the stomach. The consequences are frequent and the feet, periods of pain, painful and irregular, and frequently there are faint and dizzy spells, with loss of appetite, until life is a burden. All this is the natural development of the female organism which can be easily and promptly cured by Lydia E. Pinkham's Vegetable Compound.

Miss Abby F. Barrows, Nelsonville, Athens Co., Ohio, tells what this great medicine did for her. She writes:

"Dear Dr. F. I would like to tell you the good Lydia E. Pinkham's Vegetable Compound and Blood Purifier have done for me. Before taking this I was not able to stand on my feet, pain in back and periods were irregular, I had been to several doctors, and they told me I was good."

"Your medicine has made me well and strong. I can do most any kind of work without complaint, and my periods are right."

I am in better health than I ever was, and I know it is due to your remedies. I recommend your advice and medicines to all who suffer."

It is to such girls that Mrs. Pinkham's advice is given. She sends a special invitation to correspond with her. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women on all of their troubles. Her letters of advice of unfound value to every ailing working girl. Address, Mrs. Pinkham, Lynn, Mass.

CHILDREN'S DAY
PROGRAMME.

Program for Children's Day exercises at Hudson on the fourth Sunday in May 1906.

10:00 o'clock. Welcome address by W. S. Proctor.

10:30 Response by John P. Haswell, Jr.

10:40 Song by children.

10:50 The Sunday-school and Its Aims by Rev. C. M. Buckman.

11:20 Song by choir.

11:30 The Superintendent and His Duty—Rev. J. W. Hoskinson.

DINNER.

1 P. M. Song by the school.

1:15 Recitations by the children.

2 P. M. The Teacher and their Duties, by W. S. Proctor.

2:25 Talk by Superintendent.

2:45 P. M. Chorus.

3 P. M. Reminiscences by Judge N. McMerter of Hardinsburg.

Miss Mayme Proctor of Leitchfield, will act as organist.

John Comer, W. S. Proctor, James R. Pani, Mrs. Lorn Arms, Mrs. Mattie Hudson, Mrs. Comer.

Committee.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys sit the blood of impurities which otherwise act irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases.

I do not believe in a blind, I feel about a nation as we all say about a man; let him not say anything that he cannot make good, and having said it, let him make it good.

It is possible to obtain relief from chronic indigestion and dyspepsia by the use of KODUL FOR DYSPEPSIA. Some of the most helpless cases of long standing have yielded to it. It enables you to digest the food you eat and exercises a corrective influence, putting up the efficiency of the digestive organs.

The stomach is the boiler where in the stream is made that keeps up your vitality, health and strength. Kodul digests what you eat. Makes the stomach sweet—puts the boiler in condition to do the work nature demands of it—gives you relief from digestive disorders, and puts you in shape to do your best, and feel you in best. Sold by all Druggists.

Nothing can make good citizenship in a man who have not got in them courage, hardhhood, decency, sanity, the spirit of truth-telling and truth-telling.

Castoria. The Kind You Have Always Bought.

Beats the Signature of *John H. Fletcher*

THAT DEAR OLD HOME.

In my heart I'll cherish ever, Recollections of a home far away. Memories of a gentle mother And father, old and gray.

Brother, dear and kind Who soothed my childish fear, And led me by the hand Along the vale of years.

Sister's tender and true, Wher'er my footstep roams I will always think of you In that good old home.

Then, I left a sister, brother, When I became a bride, There in dreams my gentle mother Comes and watches by my side.

And sweet Fannie, too, is there To cheer the lonely hours I glad another home

She is roaming amid the flowers.

With every wish at her command,

May God shield her from all harm

While I wander in a foreign land

And leave a loved one's arm.

How sad to think of the past,

Of the scenes in that dear old home

Too bright, too beautiful to last.

They will soon be gone, forever gone.

L. D.

Oakland, Cal.

A torpid, inactive liver can produce more bodilyills than almost anything else.

It is good to clean the system out occasionally. Stiring the liver up, and get into shape generally. The best results are derived from the use of DeWitt's Little Ears Kirea. Reliable, effective, pleasant pills with a reputa-

tion. Never gripe. Sold by all Drug-

ists.

DEPOT PROPERTY DRESSED UP.

Spring cleaning was going in at the Henderson Depot last week and the station put on a brighter appearance.

Mr. Dudley Walker, colored, cut the grass, trimmed up the vines, and added a tick of work here and there.

Cloverport's depot is the pride of the town and every one begins to regret when they see it unkempt. The town has been fortunate though and the Henderson Route has taken as much pride in the place as the town and always had it kept in first class

condition.

A GUARANTEED CURE FOR PILES.

Fitch, Blind, Bleeding, Protruding Piles. Druggists are authorized to refund money if OINTMENT fails to cure in 10 days.

Miss Mayme Proctor of Leitchfield, will act as organist.

John Comer, W. S. Proctor, James R. Pani, Mrs. Lorn Arms, Mrs. Mattie Hudson, Mrs. Comer.

Committee.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys sit the blood of impurities which otherwise act irritating poisons and break down the delicate organs of the body and cause serious trouble.

If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases.

I do not believe in a blind, I feel about a nation as we all say about a man; let him not say anything that he cannot make good, and having said it, let him make it good.

It is possible to obtain relief from chronic indigestion and dyspepsia by the use of KODUL FOR DYSPEPSIA. Some of the most helpless cases of long standing have yielded to it. It enables you to digest the food you eat and exercises a corrective influence, putting up the efficiency of the digestive organs.

The stomach is the boiler where in the stream is made that keeps up your vitality, health and strength. Kodul digests what you eat. Makes the stomach sweet—puts the boiler in condition to do the work nature demands of it—gives you relief from digestive disorders, and puts you in shape to do your best, and feel you in best. Sold by all Druggists.

Nothing can make good citizenship in a man who have not got in them courage, hardhhood, decency, sanity, the spirit of truth-telling and truth-telling.

The Breckinridge News.

WEDNESDAY, MAY 23, 1906.

CIRCUIT COURT PROCEEDINGS.

The following gentlemen composed the Grand Jury: H. A. Cullen, Sam DeJernette, C. T. McChesney, Rod Butler, John A. Carson, J. W. Kennedy, J. W. Stover, Henry C. Drane, Austin Pace, Charles Satterfield, H. C. Haddock and J. D. Haynes. The court appointed J. W. Stover Foreman of the Grand Jury.

The petit jury is composed of the following persons: C. B. English, James M. Withers, Ben F. Galloway, John Harper, W. H. Brunfield, George Gilbert, C. H. E. Pitts, Tate Bandy, H. L. Stader, R. H. Adkisson, J. T. F. Owen, W. E. Raynor, Wm. Adkisson, M. N. Arms, Alas Gray, Roland Waddington, W. G. Smart, Peter Lyons, Luther Marz, Coral Board, W. Hendrick, Henry Hardin, Fladge Gray and J. J. Severs.

Thruway Hall vs Arthur Drane. On motion of the plaintiff this action was dismissed.

Pete Sheean Bro. & Co. vs Wm. Down. On motion of the plaintiff continued and at this process awarded.

Eli H. Dean vs Employers Liability Insurance Co. The defendant confessed judgement for, and paid \$25 to the plaintiff, and the action was dismissed settled.

International Harvesting Machinery Co. vs. A. J. Drane. The parties having settled this action, the same was dismissed.

R. L. Newsom vs. Rose A. Whitehouse. On motion of the defendant this action was dismissed at the cost of the plaintiff.

Winnie Hall vs. Flora Macy. On motion of the plaintiff this action was dismissed without prejudice.

Cliff Slaton vs R. G. Hill, etc. On motion of the plaintiff this case was stricken from the docket with leave to re-stare.

Isabelle Pool vs Forrest Pool. It was ordered by the court that this cause be dismissed settled.

Joseph Fraize vs. John Mattingly. The court sustained a demurrer to the petition, to which the plaintiff excepted and declined to plead further, was granted an appeal to the Court of Appeals.

John L. Reed vs. J. T. Moore. On motion of the plaintiff this cause was continued and at his cost.

Joseph Fraize vs. John Mattingly. The court sustained a demurrer to the petition, to which the plaintiff excepted and declined to plead further, was granted an appeal to the Court of Appeals.

John L. Reed vs. J. T. Moore. On motion of the plaintiff this cause was continued and at his cost.

E. C. Harned vs. S. A. Davis. On motion of the defendant, this action was transferred to the Equity docket and continued.

Mary Payne vs. Thomas Cuffman. The jury returned a verdict in this cause for \$44.40 in favor of the plaintiff, with interest at 6 per cent from the date of the judgment.

Bank of Hardinsburg vs. W. A. Hayes. This action was continued on motion of the defendant.

R. S. Bandy vs. F. P. Payne vs. The defendant filed a demurrer to the plaintiff's petition, and the action was submitted on the demurrer.

Montenegro Rhine Music Co. vs. Jacob Weatherholt. The defendant filed exceptions to the deposition of C. N. Mattingly and the action was continued.

Janes Drury vs Sarah E. Bandy. The defendant, by her attorney, filed a written motion to strike certain portions of the petition, and the action was submitted on said motion.

The Grand Jury adjourned Saturday, after having returned only ten indictments. They also made some recommendations as to improvements of public property.

Com'ith of Ky. vs Ode Robbins, charged with furnishing liquor to a minor. This pr secution was dismissed upon failure of proof, upon motion of attorney for the defendant.

Com'ith of Ky. vs George Douglass charged with breaking into the storehouse of Frank Fraize. The jury failed to agree, and the defendant was remanded to jail in default of a \$100 bond.

W. P. Sauberry of Owensboro, was ex-

amined by Judge Henry Moorman and A. R. Kincheloe, and granted release to practice law.

The bond of Robert Day was declared satisfied in the prosecution of Com'ith of Ky. vs Root. Day charged with shooting with intent to kill; but upon the showing made by the bondsman, a portion of the bond was remitted by the court.

Com'ith of Ky. vs Lazarus Cecil, charged with false swearing. This prose-ecution was dismissed upon motion of the Com'ith's Atty., upon failure of proof.

The jury, in the prosecution of Com'ith of Ky. vs Isaac Blair, who was charged with assault and battery, returned a verdict of guilty and fixed his fine at \$5 and the costs of the prosecution.

Georgia B. Haynes was adjudged to be an idiot.

Among the visiting attorneys during this term are: James S. Wortham and J. C. Graham, Lettsfield; T. V. Babage, Cloverport; Jack Trent, Brandenburg; R. N. Miller, James R. Skulman, Owensboro.

The Grand jury indicted John H. Clark, Neal Holland, and Frank Wharton for the killing of John A. Coke. The indictment alleges as follows: The grand jury typewritten, said John H. Clark, Neal Holland or Frank Wharton, but this grand jury does not know and can not state which one of them did kill and murder said Coke, and the others of said defendants did then and their coons, advised, encouraged, aid and abet same, but which so actually fired the shot and which so actually counseled, aided, advised, encouraged and abetted therein, is to this grand jury unknown.

Court will probably adjourn Wednesday.

L. H. Bosley and family, Mr. and Mrs. G. B. Cunningham and grand children Mrs. A. S. Allen and daughter, Mrs. Floyd Miller and little daughter, Mary Louise, all dined with Mr. and Mrs. George Gilliland Sunday and all report a pleasant time.

HOME-COMING PROCLAMATION.

Gov. J. C. W. Beckham as issued a proclamation inviting all former residents of Kentucky to return to this State for Home-coming Week, June 13-17 next. The Louisville Commercial Club will have printed between sixty and seventy thousand copies of the proclamation, and one will be mailed to every former Kentuckian who has here-tofore invited an invitation for Home-coming Week.

The paper is regarded by those who have read it as one of Gov. Beckham's best efforts, and without doubt will have great influence upon home-sick Kentuckians who read it. The correspondent to the Association Press sent the proclamation out by wire, and it was printed in every paper of prominence in the United States.

Following is the proclamation in full:

HOME-COMING PROCLAMATION, Commonwealth of Kentucky, Executive Department, Frankfort.—To all absent sons and daughters of Kentucky unto whom these presents shall come, greeting:

As the fond parent yearns for the return of an absent child, so do your mother Commonwealth rejoice in the prospect of bringing you back, even for a visit to the Old Kentucky Home. Wherever you have wandered, into whatever lands or climes you may have gone to take up your abode, you are now by parental authority summoned back to the proud old State that gave birth to you or to your forefathers. The old dinner horn, that in days of yore told you of the approaching meal, has been taken down from the wall and there issues from its sonorous and hollow tones a trumpet call reaching the remotest corner of the earth, and breathing into the heart of every home-sick Kentuckian the musical and irresistible appeal that he drop all else and forthwith begin his pilgrimage back to his native hearth. A joyous welcome awaits you: feasts and festivities have been prepared to gladden your hearts; bango and barbecues will awaken old and delightful memories in you; music and song, in sweetest strains, will cheer and comfort you; oratory and she in eloquent terms will recount to you the love which your old State bears for you and the interest and pride she has taken in your success in other lands. As the genial sun of spring warms into life the beauties of nature, so will the kindly glances and friendly grasps of your old friends in Kentucky inspire in you, if possible, greater and tenderer love for the State you once left. Peace and plenty shall be yours, and hardened, indeed, must be the heart that resists such an invitation and parental appeal. "God's country" in June will put on her loveliest garb for you; nature will wear, as she can wear only in Kentucky, her brightest wreath of flowers and sunbeams, the feathered songsters will gayly join in the musical celebration; green pastures, shady woodlands, rolling hillsides and picturesque streams will in glorious and gorgeous beauty bespeak the welcome which thrills every heart.

We have this great event for your coming in Louisville from June 13 to thence you may radiate into all parts of the State, where equally hospitable welcome will be given you.

Now, therefore, as Governor of the Commonwealth of Kentucky, I, J. C. W. Beckham, do by these presents and by the authority of the parent, which Kentucky claims over all her children, even unto the third and fourth generations, command peace and every form of Kentucky, whether separated from us by imaginary State line or broad seas, to come back home; to be at the plow, the forge, the counting-room, the business office or in whatever employment, let him for the time cease his work and return home. Men, women and children who possess the precious heritage of having a drop of Kentucky blood in their veins, obey these commands and never fail to be with us during this gala period. It is not necessary to issue any commands to the people here as to the treatment of the guests, for the former are anxious beyond measure to show them that the old Kentucky home is just as good now as it ever was.

Done at Frankfort this 9th day of May, 1906, and in the 14th year of the Commonwealth.

J. C. W. BECKHAM,
By the Governor:
H. V. McCHESNEY, Secretary of State.

By W. F. GRAYOT,
Asst. Secretary of State.

Mr. J. E. Keith was in Goshen last week superintending the erection of a monument.
